CO-OP PROGRAM

A Co-op program is available that will allow you to gain experience through a work-term with participating business. The number of work-terms available is limited and placements will only be offered to highly qualified full-time students. Additional information will be distributed to students registered in the BBA program upon request. Interested students should contact the Co-op Education Office. 604.599.2465

UNIVERSITY ADMISSION REQUIREMENTS

An applicant must

- meet the English proficiency requirement of a minimum of "C" grade in English 12, or English 12 First Peoples, or Technical Professional Communications 12, or Communications 12, or equivalent
- have graduated from a secondary school equivalent to British Columbia Grade 12, or be 19 years of age or older on the first day of classes

An applicant who does not meet any of the above admission criteria may appeal for admission as a Special Admission student to a specific program.

For a complete listing of all requirements that meet Kwantlen's English Proficiency requirement, refer to the online calendar at:

kwantlen.ca/calendar/generalinfo/admission

GENERAL INFORMATION

The university calendar contains complete program information as well as rules and regulations that govern students while at the university; each student is responsible for being aware of these rules and regulations. The calendar is available online at:

Bachelor of Business Administration

IN ACCOUNTING

School of Business

kwantlen.ca/business

Kwantlen
POLYTECHNIC
UNIVERSITY

The Bachelor of Business Administration program offers you full and part-time study opportunities to earn a business degree specializing in accounting. You'll prepare for your accounting designation through a variety of courses designed to enhance your expertise while emphasizing the communication and technology skills needed for career success.

You can enter the program in year one or in year three after either successfully completing an accounting diploma at a post-secondary institution or completing an accounting designation. You then complete the equivalent of years three and four of the business degree program. Degree classes are scheduled for days, evenings and weekends to allow students to either further their education while maintaining current employment or study full-time.

WHAT'S MY CAREER POTENTIAL?

In Canada, a degree is now a mandatory prerequisite to the awarding of an accounting designation.

STRUCTURE

The degree program requires a minimum of 120 credit hours of post-secondary courses. This includes the initial two years of the accounting diploma equal to 60 credit hours for students entering in year three.

The courses in third and fourth year are rigorous and demanding. Prior to registering, you should carefully consider the time requirements of part-time versus full-time study based on your individual work and personal situation.

WHAT DEGREE WILL I GET UPON COMPLETION OF THE PROGRAM?

You will receive a Bachelor of Business Administration (BBA) degree. You can use this credential to satisfy the requirements of accounting associations, to apply to graduate schools, and to obtain jobs requiring a business-related bachelor degree.

HOW DO I APPLY?

All interested applicants should contact Admissions immediately for necessary forms and any new program-entry information. You should start your application now as time may be needed for you to assemble the required information and transcripts. Applicants are considered for admission based on the date their application file is completed.

AM I QUALIFIED?

You are if:

You are entering the program in year one and have completed all of the following:

- B.C. high school English 12 with a "B" or better, or equivalent;

and:

- Principles of Math 11 with a "C+" or better, or equivalent or Applications of Math 12 with a B or better or equivalent

or:

You are entering the program in year three, upon completion of two years of study and have completed one of the following:

- Completion of an accounting diploma from a recognized college, institute or university, with a minimum of 60 credits and cumulative GPA of 2.7 or higher

- The awarding of a professional designation from CA, CGA or CMA. Applicants in this category will qualify for advanced standing in the degree program through a combination of transfer credit and Prior Learning Assessment

or:

- Completion of some, or all, of the education requirements of CA, CGA or CMA leading to a professional accounting designation. Applicants in this category may qualify for advance standing in the degree program through a combination of transfer credit and Prior Learning Assessment. You may be required to first complete a Kwantlen Accounting diploma depending on the level of completion of your professional studies

CONTINUANCE REQUIREMENTS

For students admitted to year one of the program, continuation after achieving 60 credits requires:

- A program GPA of at least 2.7
- Successful completion of the first year English and Applied Communications requirements

WHAT COURSES WILL I TAKE?

You must complete all the required courses to graduate, but you are not required to do them in any particular order. You may take longer than a year at each level if you prefer to study part-time. (The course prefixes represent the general focus of the course with ACCT indicating accounting courses and ENTR meaning a concentration in entrepreneurial skills.) Liberal education courses may be chosen from a wide variety of first and second year liberal arts and science courses. All courses are three credit hours unless otherwise stated.

YEARS 1 AND 2

Students must complete 20 courses:

- ACCT 1110 and 1210 or ACCT 2293 and an elective (excluding ACCT 1110 and 1210)
- Seven additional ACCT courses—ACCT 3310, 3320, 3335, 3380, 3410, 3420, 3444, (ACCT 3510 is a 6 credit equivalent of ACCT 3310 and 3410. ACCT 3520 is a 6 credit equivalent of ACCT 3320 and 3420)
- Two courses in BUSI and/or MRKT
- Two courses in CBSY
- Two courses in ECON (ECON 1150 & 1250)
- One course in MATH (or ACCT 1130)
- One course in CMNS (CMNS 1140)
- One course in Statistics (or ACCT 1230)
- One first year ENGL course (excluding ENGL 1099)
- One undergraduate level elective

YEARS 3 AND 4

Students entering the BBA—Accounting program with a Diploma in Accounting must complete all the required courses to graduate.

Required Accounting Courses

ACCT 4360	Computer Modeling for Managers
ACCT 4455	Advanced Financial Accounting
ACCT 4650	Not-for-Profit Financial Management
ACCT 4120	Financial Statement Presentation and Analysis
ACCT 4720	Advanced Managerial Accounting
ACCT 4780	Advanced Managerial Finance
